

# Advanced Fluid Systems, Inc.

PO Box 3342 • 245 Campbell Rd. • York, Pa 17402 • Phone: (717) 757-1068 • Fax: (717) 840-8625

## Repair Procedure & Request Form

### Instructions & Notes:

1. Repair evaluations are free, except for some items which have a nominal tear-down charge. Feel free to contact us before shipping to determine any evaluation charges.
2. If known, record the make and model # of the item(s) you'd like repaired in the space below.
3. Record operating specifics or application requirements if known. (Ex: pressure, flow, fluid type).
4. Briefly describe the problem or symptoms of component(s).
5. Remove excess fluid from unit(s) and plug ports to prevent leakage during shipping.
6. Package unit carefully and ship to the address below.

Note: For Moog repairs please contact us for a return # prior to shipping. Return numbers for other repairs are optional.
